

## **ENVIRONMENTAL TECHNICIAN**

Compliance Environmental, Inc. is seeking a full time Environmental Technician to perform field and office duties for projects on Delmarva. The candidate will perform asbestos, indoor air quality, mold and lead-based paint sampling, project oversight and monitoring, clean-up oversight and sampling, and provide office support. Candidates must have a minimum of three to five years field experience, good organizational and communications skills, mechanical skills and a strong computer background. Working knowledge and understanding of environmental and safety regulations is desired. We desire candidates with an OSHA 40-hour HAZWOPER certification, a college degree or college credits, and Delaware certifications including Asbestos Building Inspector, Asbestos Project Monitor, and Lead Risk Assessor. Candidates must have a valid driver's license and a dependable vehicle. Occasional weekend and evening hours may be necessary to complete assignments. Compliance Environmental, Inc. offers several benefits including a competitive salary, profit-sharing plan, health insurance, paid vacation and paid sick time and on the job training.
